1		

Russ,

Thank you for the topic list. In my communications with Lissa the topic list was shorter and did not include St. Lawrence Island, Fort Wainwright and the shipyard case. We will do what we can to accommodate and prepare for all the identified interests, and to that end we will video teleconference in the appropriate Seattle staff and managers. Thanks again for the updated information.

Dianne

Subject: Topics for EPA meeting

Hello Dennis and Dianne,

The topics we would like to discuss are listed below. We would like to briefly share and receive updates and information on each case listed.

Thanks for all of your efforts on behalf of our environment.

Regards, Russ

Lissa Hughes- Northern Alaska Environmental Center

- 1) Fairbanks assessment,
- 2) PM 2.5 situation,
- 3) coal ash rule-making update,
- 4) sulfolane update

Pam Miller- Alaska Community Action on Toxics

- 1) St.Lawrence Island, Military Site Assessment,
- 2) Ft Wainwright / Hamilton Acres Site Assessment

3) Chemicals Policy Reform

Russ Maddox- Resurrection Bay Conservation Alliance, Alaska Chapter Sierra Club

- Seward Shipyard case
 Seward Coal Loading Facility
